

## NORTH CRAWLEY PARISH COUNCIL

### Minutes of the Parish Council Meeting held on Monday 7 February 2022 at 7.30 pm in the Institute

|            |  |        |
|------------|--|--------|
| Present:   | Parish Councillors: Steve Garner (in the Chair), G Baxter, Sue Garner, D Harpur, M Hold and J Weatherley<br>Clerk/RFO S M Bushnell<br>Ward Councillor K McLean<br>Three members of the public<br>Representatives from St James Consulting (left meeting after Item 05/02/2022)   | ACTION |
| 01/02/2022 | <b>Apologies for Absence</b><br>Councillor T Smith and Ward Councillors P Geary and D Hosking<br>PCSO Arlene Ormston (received 8.2.22)   |        |
| 02/02/2022 | <b>Declarations of Interests:</b> Cllr Baxter declared an interest in planning application 22/00077/FUL – work at 3 East End Cottages, East End.   |        |
| 03/02/2022 | <b>Approval of Minutes:</b> The Minutes of the Parish Council meeting held on 4 January 2022 were approved.  |        |
| 04/02/2022 | <b>Items from members of the public:</b> There were three members of the public present at the meeting but no issues were raised for discussion at this point.   |        |
| 05/02/2022 | <b>MK East:</b> The representatives from St James Consultation gave background details of the development. It was confirmed that work would start on the infrastructure in April this year and was scheduled for completion in March 2025. The first residential completion would be in June 2025. They had received specific requests from the Parish Council in advance of this meeting and gave responses as follows: <ul style="list-style-type: none"> <li>• Moulsoe By-Pass: Although it was acknowledged that this would be advisable, it was not within the gift of this project to deliver it. However, the development had been future-proofed to enable this to happen in the future.</li> <li>• Routing to Cranfield: Existing signage to Cranfield would be replicated in the new infrastructure. The most direct route to Cranfield would therefore remain via Moulsoe. The alternative route to Cranfield through North Crawley would not be direct and would be more complicated than it was currently and therefore unlikely to be used.</li> <li>• Construction Traffic: The Construction Environmental Management Plan would not permit construction traffic through North Crawley. This would be managed by introducing restrictions for construction traffic which would be enforced through binding contracts and would include</li> </ul> |        |

|            |   |    |
|------------|---|----|
|            | <p>appropriate signage. The site's proximity to the M1 would also make deliveries through the villages unnecessary.</p> <p>The Chair explained that residents were concerned about the speed, volume and weight of traffic already travelling through the village and that this would only become worse as a result of development in Milton Keynes and also the Marshall Aerospace development in Cranfield. A Working Group had therefore recently been set up and it was asked whether the traffic representative could be made available to help the Group with his traffic expertise. This was readily agreed to and he asked for the initial thoughts of the Working Group to be sent to him. It was also agreed that relevant St James email addresses would be sent to the Chair so that there could be regular communication.</p>  | DH |
|            | <b>Ward Councillors' Report</b>   |    |
| 06/02/2022 | <p><b>MK East:</b> Following the previous item, Cllr McLean suggested that it would be a good idea to set up a forum which would perhaps meet quarterly. This would include representatives of the Parish Councils affected by MK East, e.g. North Crawley and Moulsoe, ward councillors and possibly a planning officer. It was generally agreed that this was a good suggestion.</p> <p>He confirmed that the next MKC Plan was due in 2024 and that it would include the effects of the Marshall development.</p> <p>It would also be necessary to ensure that those who produced the sat nav software were made aware of the new signage to prevent unsuitable routes from being used inadvertently.</p>  |    |
| 07/02/2022 | <p><b>Brook End – unlawful development:</b> The Ward Councillors had sent letters to all residents the previous week. The Enforcement Team Leader had sent several emails earlier in the day to the usual planning consultees and was preparing the MKC response. The response would include the fact that the site was unsuitable for habitation, biodiversity concerns, agricultural land, not a sustainable site, no footpath to the village and impact on the local community.</p> <p>He confirmed that Planning would look at the Parish Council's response prior to submission if required and that, when it was sent, it should be to the Ward Councillors' joint MKC email address in the first instance.</p> <p>The Chair asked Cllr McLean if there were sufficient traveller sites in Milton Keynes and he replied that there were not. He did not however know what MKC was planning to do to improve this situation.</p> |    |
| 08/02/2022 | <p><b>Serious Road Accident (Minute 05/01/2022):</b> Cllr McLean reported that the cyclist was making a good recovery and that the driver responsible for the accident had been identified.</p>   |    |

Signed: Chair ..... Clerk ..... Date .....

|            | <b>Matters Arising from the minutes</b>   |       |
|------------|---|-------|
| 09/02/2022 | <b>Minute 09/01/2022 Re-siting of defibrillator:</b> The Chair reported that the defibrillator had now been moved to the Institute and a light had been installed above it. Thanks were due to Roz Hatton for project managing this and also to Darren Ayres, the electrician, who had carried out the work and only charged for materials.   |       |
| 10/02/2022 | <b>Minute 10/01/2022 Dog waste bin:</b> The new bin had now been installed in its new location by Kevin, the village warden.  |       |
| 11/02/2022 | <b>Minute 11/01/2022 Possible donation of a tree:</b> A medium mature cherry tree was being ordered by the resident for eventual planting in the cemetery.  |       |
| 12/02/2022 | <b>Minute 13/01/2022 Plank at top of recreation field:</b> It was agreed that the best solution to this would be to add sufficient new sleepers to this location in order to create a width that was suitable for a wheelchair. The Clerk would liaise with Kevin Bates to establish if he was able to do this work and if not to get a quote from a suitable contractor.   | Clerk |
| 13/02/2022 | <b>Minute 17/01/2022 Play Park Project:</b> It was reported that the Village Warden was happy to take on the extra work of inspecting the play equipment on a regular basis. It had been felt to be prudent to provide training for this work and the Clerk had identified a one day visual inspection course organised by RoSPA. Kevin would be attending this course on 31 March in Huntingdon at a cost of £295. This was approved.  |       |
| 14/02/2022 | <b>Minute 19/01/2022 North Crawley United Charities:</b> The Chair showed councillors the proof of a sign to be placed at either end of Peter's Path. This was approved at a cost of £43 for the two signs.   |       |
| 15/02/2022 | <b>Planning Applications:</b><br>There were no objections to the following applications: <ul style="list-style-type: none"> <li>• 22/00088/FUL- Erection of first floor and rear extensions at 20 Orchard Way, North Crawley</li> <li>• 22/00181/TPO – Work to lime tree at The Old Rectory, 2 High Street, North Crawley</li> <li>• 22/00067/FUL – Erection of single storey extension at 14 Hackett Place, North Crawley</li> <li>• 22/00077/FUL – Demolition of lean-to, new porch and canopy and two storey side and rear extensions at 3 East End Cottages, East End, North Crawley</li> </ul> |       |
|            | <b>Councillors' Reports</b>   |       |
| 16/02/2022 | <b>Trees:</b> Cllr Harpur reported that he was submitting an application to MKC for the tree work in Nixey's Walk. He also expressed concern about the pollarding that had recently taken place to some willow trees in the High Street. As this was a conservation area, application for approval for this work should   |       |

Signed: Chair ..... Clerk ..... Date .....

|            |   |             |
|------------|---|-------------|
|            | have been made to MKC but he could find no record of this. In order to be consistent, the Chair agreed to contact this resident to make him aware of this.  |             |
| 17/02/2022 | <b>Recreation:</b> The Chair reported that plans were being made for the Jubilee celebration in June and further information would be circulated. It was also agreed to purchase flags and bunting for the event. A suggestion was made to purchase leather bookmarks to mark the occasion for distribution to the children in the village. This was unanimously agreed. The Chair and the Clerk would take this forward.   | Chair/Clerk |
| 18/02/2022 | <b>IMC:</b> As previously agreed Cllr Baxter would circulate the minutes of the IMC meetings to members of the parish council. The minutes would not however be publicised in any way.  |             |
| 19/02/2022 | <b>Streetscape:</b> It was agreed that the waste bin on the side of the bus shelter was in need of replacement and the Clerk agreed to look further into this.  | Clerk       |
| 20/02/2022 | <b>Footpaths:</b> In the absence of Cllr Smith, the Clerk read out the following information that had been received from him: <ul style="list-style-type: none"> <li>• MKC Rights of Way had confirmed that the gate at Crawley Grange on Footpath 13 had now been fixed and could now be opened by pedestrians to walk through.</li> <li>• The landowner had now installed three new gates on Footpath 18 at Church Farm Slupe; Footpath 26 at Little Crawley; Footpath 5 at Horncastle Farm</li> <li>• The landowner had agreed to install metal gates to replace all stiles on Footpath 15 off Pinfold Lane across to the Cranfield Road behind Ringtail. This work would be done in the Spring.</li> <li>• He had written a new walk for the website which would be available for uploading shortly.</li> </ul>   |             |
| 21/02/2022 | <b>Traffic Issues:</b> Cllr Harpur reported that the first meeting of the Traffic Working Group had taken place and that Keith Wheeler (MKC Road Safety Officer) had also attended which had been very useful. He had advised that low level solutions would be best in the first instance such as speed indicator signs. Truvelo strips would also be useful to ascertain the speed of vehicles. A case could then be put to the police for a speed van to be placed at hot spots on a regular basis. He was very aware of the high cost of speed bumps, etc. and felt that a data gathering exercise would be the best way forward initially.<br>Cllr Harpur also reported that it was possible to buy hand held speed detection devices at reasonable prices. The data from these could be used by the Police as evidence. It was agreed this should be explored further. Cllr McLean invited Cllr Harpur to |             |

| 22/02/2022                          | <b>Play Park Project:</b> The Chair reported that the children's play area was now complete and would be officially opened on 20 February. It was proving to be very popular.   |               |  |        |         |                  |  |  |  |                    |         |               |                                 |                    |         |               |                               |                  |  |  |  |             |        |              |                                  |                   |        |               |   |            |         |             |  |               |         |             |  |             |         |              |  |                          |           |               |   |                    |           |               |              |                                     |             |               |  |            |           |               |  |                       |             |               |  |                 |         |               |   |                 |        |               |                                 |  |
| 23/02/2022                          | <b>Neighbourhood Plan:</b> The Parish Council had been due to approve the submission version of the Plan at this meeting. However the Chair reported that further delays were being caused by concerns about the view of Moat Farm and also of the moat itself which was a national monument. It was possible that a Strategic Environmental Assessment might have to be produced which would take many months to complete but it was hoped that further discussions with Historic England might result in this being unnecessary.  |               |  |        |         |                  |  |  |  |                    |         |               |                                 |                    |         |               |                               |                  |  |  |  |             |        |              |                                  |                   |        |               |   |            |         |             |  |               |         |             |  |             |         |              |  |                          |           |               |   |                    |           |               |              |                                     |             |               |  |            |           |               |  |                       |             |               |  |                 |         |               |   |                 |        |               |                                 |  |

|------------|---|--|
|            | <p>charity in lieu of payment for his work on the refurbishment of seats around the village.</p> <p><b>Kompan Limited:</b> The Clerk reported that this payment was the VAT element of the invoice for the delivery of the play park equipment. The net cost was to be paid directly to Komplan by FCC and equated to the grant awarded to the Parish Council for this work. A further invoice would be raised by Komplan shortly for the remainder of the project and the same payment method would be used.</p> |  |
| 25/02/2022 | <p><b>CHURCHYARD MATTERS:</b></p> <p>The late Hilda Rose Golding – Interment in Grave 1/189</p> <p>The late Patricia Ellen Currie – Interment in Garden of Rest plot 2/28</p>   |  |
| 26/02/2022 | <p><b>Meetings with other organisations:</b></p> <p><b>Marshall Aerospace:</b> The Chair reported that he and the Clerk had been approached by Marshall Aerospace who wished to meet to discuss the Cranfield project prior to making a presentation to the Parish Council. This meeting was due to take place on Friday via Teams.</p>   |  |
|            | <p><b>Correspondence and information matters:</b></p>   |  |
| 27/02/2022 | <p><b>Brook End:</b> Referring to Minute 07/02/2022 above, it was proposed by Cllr Harpur and seconded by Cllr Hold that a working group be set up to formulate the Parish Council’s response to the appeal. This was agreed and the members of the Group would be the Chair and Cllrs Harpur and Baxter.</p>   |  |
| 28/02/2022 | <p><b>Folly Lane street party:</b> The Chair reported that he had received an email from a resident who wished to organise a street party in Folly Lane to celebrate the Jubilee. There were no objections to this.</p>   |  |
| 29/02/2022 | <p><b>Folly Lane flooding:</b> An email had been received from a resident who had experienced a road traffic accident which had been caused by the flood in Folly Lane. She had reported this to MKC Highways and had copied in the Parish Council for information. It was noted that this flooding was a long-standing problem which had been reported before.</p>   |  |
| 30/02/2022 | <p><b>Date of next meeting:</b> Monday 7 March 2022 at 7.30 pm in the Institute</p>   |  |
